This meeting was held at the Waterbury State Office Complex. Beth Tanzman opened the meeting at 8:30 a.m.

Beth Tanzman presented the agenda and led introductions for the in-person participants. She asked that those participating on the phone send an email to Mara Donohue to record their participation.

Erin Just presented (see attached slides) an update of the Expansion and Quality Improvement Program (EQulP). This presentation included a description of the EQulP team and the purpose of the program. It also covered key 2017 NCQA and Patient-Centered Medical Home (PCMH) changes. Maurine Gilbert presented the results of the Practice Experience of Quality Improvement (QI) Supports Survey, describing the value of QI facilitation to providers and potential barriers to address in the future.

Beth Tanzman described the current status of planning for the Screening, Brief Intervention, and Navigation to Services (SBINS) program. SBINS planning guidance has been issued and based on the recommendations of the workgroups, and several change leadership sessions are occurring to help senior leaders from each community plan for a successful implementation.

Ms. Tanzman presented updates on Hub and Spoke and Women's Health Initiative implementation. She also provided the second notification to the group of the proposed PCCM payment change beginning in January 2019, with an estimated \$1.65 PMPM added to the Blueprint PCMH payments.

The next meeting of the Blueprint Executive Committee/Planning and Evaluation Committee will occur on January 16, 2019 in Waterbury.
